The Fine Print There's no catch, but we had to put in a few rules.

- Spa points are awarded at the time of checkout. For ie. If you refer a friend you will receive your points when he/she has completed his/her service at the spa.
- No double dipping! Some purchases may not earn points. For ie. you won't earn double points if you buy yourself a gift card and use it on your own purchase. If this sneaky behavior is suspected we reserve the right to terminate your enrollment in the Rewards Program.
- Spa points are non-transferable, but you may purchase a gift certificate with your Spa Points that you may give to a friend. But you must reach 500 spa points to do so.
- Spa points cannot be redeemed on promotional or discounted offers. Nor redeemed for cash.
- We reserve the right to terminate or modify the program at any time.
